

It is an honor and a privilege to be part of the Interparliamentary Taskforce on Human Trafficking (ITHT) which has a sacred mission to help victims of human trafficking and to bring global awareness on this topic. Human trafficking is the second largest criminal enterprise in the world, trapping millions of people throughout the world in sexual exploitation, labor exploitation, forced marriage and other forms of modern slavery, which has been seen from everyone but is kept in silence. Our Taskforce raises its voice and makes itself available to States and Governments around the world to draft appropriate strategies and laws for each country with Parliamentarians, government leaders, and lived-experience experts who are committed to creating policy solutions to stop one of the greatest humanitarian crisis in the world.
